PROFILE

I am a front-end focused full-stack developer specializing in modern web technologies. I enjoy building clean, scalable code and designing modern user interfaces while also working on backend systems and APIs. I continuously learn new tools and technologies to improve my skills and build high-performance web applications.

WORK EXPERIENCE

Div Academy

Front End Mentor 2025

- Mentored students in HTML, CSS, JavaScript, and React
- Reviewed code and provided technical feedback
- Guided students through real-world frontend projects
